Dear \_\_\_\_\_,

I'm writing to share with you the story of my son/daughter, \_\_\_\_\_, and to ask for your support to improve his/her life. Share a short 2-3 sentences about your child and their life with CTNNB1 Syndrome.

CTNNB1 Syndrome is considered a rare disease. One of the challenges of being "rare" is that the burden of fundraising for critical research is often left to the families affected.

Our CTNNB1 community is fortunate to have a foundation that is dedicated to funding research towards treatments and ultimately a cure for the disease. [CTNNB1 Connect and Cure](#) was founded by a group of passionate and dedicated parents who dreamt of a better future for their children. They are a 100% volunteer-run non-profit whose mission is to fund this necessary research while connecting families and spreading awareness of the disease.

CTNNB1 Connect and Cure's work means the world to our family and gives us hope for \_\_\_\_\_'s future. Will you help us by making a tax-deductible donation? You can do so at <https://curectnnb1.kindful.com/>.

Thank you for learning about my child. If you would like to hear more, I'd love to speak with you. I can be reached at 000-000-0000.

With gratitude,
